

Adventure 4WD Club of WA – Recovery Equipment

Categories: MANDATORY - to be carried by ALL members

RECOMMENDED

MANDATORY: The following equipment MUST be in good order and carried by all vehicles.

- Snatch-um Strap
- Suitable tow points (NOT TOWBALLS) front and rear
- Basic Tool Kit
- Suitable Jack & base plate
- First Aid Kit
- Tyre inflator and Tyre pressure gauge
- Spare tyre
- Wheel brace
- C.B. Radio (must be UHF type, preferably 5W output with a fixed external antenna. Low power handheld units are only suitable for emergency use or outside the vehicle).
- Minimum of two (2) rated shackles to suit your Tow Rope or Snatch-um strap
- Flag pole & flag for sand dune trips
- Fire extinguisher – 2B (E) 1kg
- Spare fuses
- Spade or Shovel

RECOMMENDED

- Fan Belt
- Radiator Hoses (all parts)
- Fresh water (minimum 10 litres or enough to refill radiator)
- Suitable Jumper Leads (Heavy Duty)
- Suitable Tow Rope
- Torch
- Oil, Spark Plugs, Points, Condenser and Coil or Diesel Glow Plug
- Fuel Filter(s)
- Axe or Bow saw
- High Lift Jack and base plate
- Chain (Herco or similar. Min. 3 metres)
- Tyre repair kit

NOTE: Members are reminded that their visitors MUST have suitable tow points front and rear.

On all extended trips (overnight or more) you must speak with the Trip Leader for any special requirements that may be needed on that Trip

HELP WILL ALWAYS BE ON HAND but you and your vehicle must be self sufficient and don't rely on the other members to provide equipment or mechanical parts.
